The Delaware Valley Classic MG Chapter

July-September, 2004

T-Talk is the newsletter of the Delaware Valley Classic MG Chapter and is published four times a year. Those interested in the preservation and enjoyment of MG automobiles are invited to join. Full membership requires affiliation with the appropriate Register, NEMGTR, NAMGAR or NAMGBR. Chapter dues are \$20 per year and application may be made to the Membership Chair, whose phone number is on the back.

Welcome Summer,

I hope everyone is enjoying their driving time thus far. I know Steve and I are, as well as the kids. Nothing like working all week and getting up for that Saturday and Sunday morning drive. Not too many cars on the road yet so you can meander and soak up all the sites. Times like that are priceless for me. As for the kids it's a ride and usually an ice cream cone at the end before coming home, and for Steve it's the sheer pleasure and relaxation.

DVCer's have had many nice events with many more for this summer; check it out inside this edition T-Talk. Hope to see many of you soon. New Hope or Not is going to be NOT. Construction at the school is still going on and organizers feel it is better to wait than to move the show to another place.

*Safety test,
Betsy*

TECH SESSION – APRIL 24, 2004

This year April 24th turned out to be a beautiful day for 15 DVC'ers to bring their MG's out of winter hibernation and drive them to the Ripperts in Perkiomenville for the DVC's annual Tech Session. Lots of things were going on in the garage and driveway, while Tom was busy running up and down the stairs, checking on donuts, coffee, hot dogs and Jaimee, who was sick in bed. Tom "thinks" that the following may have happened at the Tech Session. Ernie Feldgus put a Pertronix electronic ignition in his TD. Donna Bristol had help fine-tuning her newly rebuilt carburetors. Bob Tiley changed his oil and did a once-over on his TD. Bob Tiley and Roy Dougherty looked over Lester Weinraub's MGB to see if they saw anything out of the ordinary. Note: by the way, Lester certainly knows how to make a "hit" with the DVC – he opened the trunk to his MGB upon arrival and there was a case of "beer" in there. Way to go Lester! Tom Rippert solved the problem of his TD not running right – points – and then installed a Crane electronic ignition with the help of Dick Suffredini and Lin Hughes (actually Dick and Lin did all the work). Lots of activities were going on in the driveway and garage, so whoever we forgot to mention, we apologize. Thank you all for coming – it was an excellent turnout, and our neighbors were impressed with the "MG Iron" in the driveway. Tom says by next year he'll have a lift – Jaimee says NOT. The following are the DVC'ers who attended the Tech Session. Wade Albright-'71 Chevelle, Donna Bristol-TD, Charles Denlinger (and friend)-TD, Roy Dougherty-MGB, Ernie Feldgus-TD, Chuck Goelz-MGA, Lin Hughes, Bill McCarthy (Bill, it's been a long time, so nice to see you), Lee Niner-TD, Lew Phillips and daughter Chris, Dave Schwab and son Dillon-TD, Louise Story-MGB, Dick Suffredini-TD, Bob Tiley-TD, Lester Weinraub-MGB, Carl Yost.
